

## Daily Express Shipments Keep Our Suit and Dress Stock Com- plete With New Attractive Designs!

As you know it has not been so very long since the cloak and suit strike in New York was settled; so that it was practically an impossibility to get immediate deliveries. We instructed the manufacturers we buy from to ship us, not alone, any part of our order just as soon as ready, but any good styles they might develop as the season advanced. This accounts for our being able to show the very newest fashion ideas just as soon as they make their appearance in New York.

### New Autumn Coats

Made of materials like wool velour, Bolivia cloth, plushes, wool mixtures and plaid effects, in loose fitting models that are very stunning and smart. Some of them are trimmed with immense fur collars and fur trimmed sleeves, also have very oddly designed pockets which makes them very striking and smart.

### New Fall Footwear

The new La France models are now ready for your inspection. They are made of patent, kidskin and dull kid leather on the new fashionable toes with Cuban and Louis heels.

Our Children's Shoes will give the best service and satisfaction. Special attention given to the fitting of children's shoes.

### Saturday Special—\$1.00 Middy Blouses, 75c
